★ AUTHORIZED BY
U.S.D.A.

STRONG AND ENVIRONMENTALLY SAFE

“Just apply, let soak and wash away,” makes D99 an excellent grease buster for heavy industrial and commercial equipment. D99 can be applied to the toughest grease and oils without harming the underlying metal surface. Excellent at low temperatures, D99 saves cost and energy over hot alkaline cleaners and without the disposal problems. D99 is environmentally safe and manufactured in keeping with today’s ecology for the prevention of pollution.
